Overview

I am a developer who is passionate about web development, good design, and information security. I have over 5 years of experience in designing and developing responsive user interfaces for screens of any size. My objective is to work for an organization that is excited about creating secure, user-friendly web applications.

Education

Taylor University
http://taylor.edu, *August, 2012 – May, 2016*
B.S. Computer Science - New Media / Systems,
